

EDUCATION SUPPORT OPPORTUNITY Pediatrics for the 21st Century Symposium

\$50,000
Non-Exclusive
Investment

Don't miss the 2018 Pediatrics for the 21st Century Program, "Leveraging New Technologies to Transform Child Health," which will address how innovations in healthcare and ever-evolving technology can be used to transform the lives of children and their families.

This inspiring, thought-provoking program will address how technologies are rapidly changing healthcare, with a specific emphasis on opportunities for pediatrics. Attendees will hear stories of physicians using innovative, cutting-edge strategies and partnerships to transform the lives of children and their families, and participate in a call to action to lead the way.

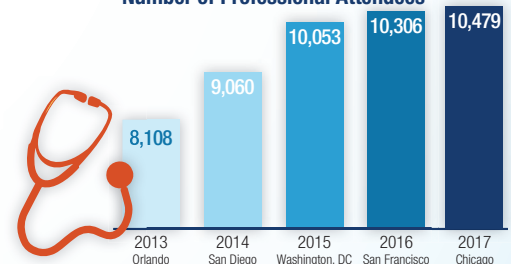

- ☑ Peds21 is attended by over 1,000 attendees
- ☑ Session includes electronic poster session and networking

Supporter will be acknowledged in the following ways:

AAPexperience Conference Website, Mobile App, AAP News Today, Donor Boards and signs, Onsite Program Book, education materials, eblasts, and session recording (Youtube)

Number of Professional Attendees
