Q1 Session Title
Preventing Child Asthma Deaths: Pediatricians role on child death review teams

Q2 Staff Contact Information
Name Florence Rivera
Email Address frivera@aap.org
Extension 6790

Q3 Session Description (50 words or less)
The death of a child from asthma is preventable. This session will highlight how multidisciplinary fatality review teams review and analyze asthma deaths. It will also emphasize the vital role pediatricians play on these teams and in preventing future deaths.

Finding your voice as a pediatrician: how to incorporate writing into your regular practice

This workshop, facilitated by editors from Pediatrics, will help attendees explore how effective, impactful writing can enhance their work as clinicians, advocates, educators, and researchers. Breakout sessions will highlight ways to be published through the AAP relevant to the specific goals and interests of participants.

AAP Publishing: How to Engage with AAP Publishing

Q2 Staff Contact Information

Name: Barrett Winston
Email Address: bwinston@aap.org
Extension: 6736

Q3 Session Description (50 words or less)

How do you get your idea, concept, or research out to a broader audience? Why write a book? Why write a journal article? How do AAP Publishing staff make decisions about what to publish? If a manuscript or article is accepted, what’s next? Come learn from AAP staff and current authors about the publishing process.
