

AAP
experience **VIRTUAL**
2020
National Conference & Exhibition

The American Academy of Pediatrics will host its first-ever virtual National Conference & Exhibition with an innovative program designed to reach a wider audience than ever before. This virtual conference will use creative ways to deliver outstanding opportunities to connect exhibitors and attendees in a virtual space.

Quick Exhibiting Tip: We recommend having a company representative available for live video chats during the Dedicated Exhibit Hall Hours.

Note: Attendee/Exhibitor access is 24/7 from early October until 90 days after the conference. Attendees are able to review the exhibitor profile, request information and access resources and video during this time.
